The School Magazine Years 2 – 6

Dear Parents,

For ALL children in years 2 to Year 6 we are planning to continue from last year a very special feature of our reading programs. Every child in each class will subscribe to **The School Magazine** and so receive their own copy of this key reading resource which they will use in daily Reading & Comprehension lessons.

The cost is VERY reasonable and the range and quality of literature and reading material is excellent. These magazines provide one of the best resources for teaching reading and literacy for all levels of readers of different ages and interest levels. They cater for early independent reader's right through to advanced primary and early high school readers.

The School magazine is Australia's leading literary magazine for young readers.
It is published by The NSW Department of Education and Communities.

Each month of the school year, The School Magazine provides a diverse mix of short stories, poems, plays, Indigenous tales, fables, non-fiction articles, puzzles, cartoons, graphic novellas and activities, all lavishly illustrated by leading Australian artists.

**The total annual subscription cost for receiving an issue each month from
February to November is \$12:00 per child.**

We are asking EVERY child in each class to make this payment so that each student can use and keep their own copy of the magazine.
